

Benefits

1. Antioxidants
2. Anthocyanins
3. Essential fatty acids
4. Phytosterols
5. Amino acids

Instructions

Shake well before using. Drink one ounce, once or twice a day. Refrigerate after opening.

MISTICA

ITEM NO. SU74002

1.56 Pints (740 ml)

The indigenous peoples of the Amazon call acai the “Tree of Life” and for centuries have used the tall, slender plant as a food and comforting balm for many health conditions.

Amazonian warriors reputedly drank the juice before battle to increase their stamina and strength, and local legends claim the juice has magical potency to enhance sexual desire. No other fruit can claim its extraordinary combination of antioxidants, amino acids, anthocyanins, and essential fatty acids.

Synergy’s Mistica captures this mystical energy in a high-powered fruit blend that fortifies your body with essential life-giving nutrients. Savory and delicious, Mistica gives you what you need to accomplish more each day.

We’ve all heard of free radicals and the negative effects they can have on our health. Free radicals occur everywhere in our environment, including our food and in the air we breathe. The acai berry and the other fruits found in Mistica are natural sources of anthocyanins. An extremely potent type of antioxidant, anthocyanins are the pigments found in berries, red grapes, and

other healthful foods. These compounds offer numerous health benefits, including the ability to support the circulatory and cardiovascular systems.

In addition of powerful antioxidants, acai also contains essential fatty acids, amino acids, and plant sterols, which are compounds that resemble cholesterol. Sterols help maintain proper cholesterol levels that are already in the normal range. They are also useful in maintaining a healthy prostate and in aiding the immune system.

Packed with tropical goodness, Mistica tastes great and provides your bodily systems with a dazzling array of health-enhancing properties. Including a daily serving of Mistica in your nutritional regime may help to enhance vitality and energy, while guarding against the ravages of free radical damage. Mistica is truly the elixir of the gods!

Ingredients: Açai Fruit Concentrate (*Euterpe oleracea*), Concord Grape Fruit Concentrate (*Vitis labrusca*), Red Grape Fruit Concentrate (*Vitis vinifera*), Blueberry Fruit Concentrate (*Vaccinium corymbosum*), Red Raspberry Fruit Concentrate (*Rubus idaeus*), Raspberry Powder (*Rubus idaeus*), Cranberry Powder (*Vaccinium macrocarpon*), Blueberry Powder (*Vaccinium corymbosum*), Lycium Fruit Extract (*Lycium barbarum*), European Elder Berries Extract (*Sambucus nigra*), Bilberry Fruit Concentrate (*Vaccinium myrtillus*), Pomegranate Fruit Extract (*Punica granatum*), Grapeseed Fruit Extract (*Vitis vinifera*), Decaffeinated Green Tea Leaf Extract (*Camellia sinensis*), Purified Water, Lecithin, Xanthan gum, Sodium Benzoate (to preserve freshness).
